

# Survey123 Forms

- The [Montana Natural Heritage Program](#) is using Survey123, a mobile application and web interface, to streamline submission of surveys, plant and animal observations, and images to our databases. A **mobile device with GPS** is recommended for use in the field.
- Survey123 is a product of [ESRI](#) and is available at most app stores; any permissions granted and updates to the underlying app are the responsibility of ESRI. Learn more [here](#).

# Survey123 Forms

- We create and maintain forms for use within Survey123; data submitted in any form is delivered to MTNHP for incorporation into our observation and survey databases and will be presented in a generalized way on the Montana Field Guide or as precise locations to agency natural resource managers via password protected access.
- If you have questions about this tutorial, a specific form, or Survey123 in general, please contact **Braden Burkholder** at [bburkholder@mt.gov](mailto:bburkholder@mt.gov).
  - A tutorial [videos](#) are also available.

# Survey123 Forms

- **Step 1 → Download Survey123 from your App Store**

- If you have a work phone/tablet, start by filling out any paperwork needed to download applications (e.g., SABHRS/ITPR form)
- A fast wifi connection is recommended
- <https://www.esri.com/en-us/arcgis/products/arcgis-survey123/downloads>
